My Career Insights

Tailored career guidance for your child

The Department of Education gives every year 9 Victorian Government school student free access to the world-leading Morrisby online career education tool.

Morrisby helps your child make informed choices for senior secondary school and beyond by exploring their strengths, interests and career opportunities.

Your school needs your consent to give your child access to Morrisby.

The My Career Insights program pairs your child's Morrisby profile with a free one-on-one expert career consultant session, supported by the Australian Centre for Career Education.

This is an important opportunity in year 9. It will help your child update their career action plan, make big decisions and stay motivated to learn.

The program		Your role
Step 1 **Your consent**	Your school might ask you to complete and return a paper consent form, or provide your consent digitally (for example, through Compass).	Follow your school's instructions to provide your consent.
Step 2 **Morrisby profile**	Your school will ask your child to complete Morrisby quizzes. Morrisby will use their answers to create a unique profile that: • summarises their individual strengths and interests • suggests related career paths and study options.	Look out for communication from your school about the Morrisby profile and Career Consultant interview. If you'd like to, join your child for their interview.
Step 3 **Career Consultant meeting**	Your school will arrange an unpack interview between your child and an independent career consultant, coordinated by the Australian Centre for Career Education. They will talk about how to understand and use Morrisby. You can join this meeting.	
Step 4 **Career planning**	Your child's Morrisby profile helps them update their career action plan, and navigate their choices for senior secondary education and post-school pathways.	Talk with your child about their profile, interests, strengths, goals and study options.

To see how the Morrisby profile can help your child, check the sample Morrisby profile on the next page.

Sample Morrisby profile

Your child's completed Morrisby profile will include information about their skills in verbal, numerical, abstract, spatial and mechanical reasoning. It will also provide school subject and career suggestions that reflect their individual skills, interests, personality and preferences.

Life-long career help

If your child completes their Morrisby profile this year, they can access it through the rest of their schooling, and beyond. As they develop new strengths, interests and goals, they can update their Morrisby profile to get useful study and career suggestions.
